

# **RESIDENTS MEETING**

## **FOR HOMEOWNERS OF HOUSES WITH CLADDING**

Are you a homeowner or living in shared ownership, and have received a letter, phone call or visit from Barnet Council about replacing the cladding on your house and insulating it at your own cost?

There are hundreds of us affected. Please do not feel you are alone in this situation.

The residents' group is holding a meeting for homeowners to discuss the issues raised by the Council's communications and plans.

This is a time and space for residents to come together and feel both supported by other and united as a group.
